Professional Experience

Alibaba Group | Regional General Manager, General Affairs & Real Estate Management | Sep 2023 – Jul 2026

Responsible for industrial planning and development strategy across Alibaba Group's nationwide portfolio of approximately 5 million sqm of industrial parks (AI, embodied intelligence, cross-border e-commerce, low-altitude economy, etc.), maximizing the long-term value and organic service capability of Alibaba's real estate assets. Directly oversaw approximately 1.4 million sqm of core parks including Nanhu Future Science Park, Weike Alibaba Center, and Yungu Center, covering government-enterprise collaboration, industrial ecosystem aggregation, leasing operations, and asset management.

- ▶ Asset management consistently exceeded all core KPIs for three consecutive fiscal years, including NPI, new lease signings, occupancy rate, and industrial clustering metrics.

- ▶ Nanhu Future Science Park achieved nearly 90,000 sqm of lease signings in its first year of delivery, attracting over 200 low-altitude economy and embodied intelligence enterprises within two years. It became the only quadrilateral government-Alibaba co-built science and entrepreneurship innovation park and the core park for Hangzhou's "China Flying Valley." Weike Alibaba Center achieved over 60% occupancy in its first year, introducing key industry service platforms including the CAC National Network Data Security Laboratory and Haina Data Innovation Center, establishing an AI industry scenario community and becoming Hangzhou's most representative AI industry hub. Yungu Center rapidly attracted the ModelScope offline developer community and AI industry ecosystem, receiving high recognition from provincial and municipal party secretaries. Qincheng Park themed commercial street became a new Hangzhou leisure landmark within one year of opening.
- ▶ As the national head of industrial development for real estate management, strengthened Alibaba's resource integration capability as a core industry chain player, managed Alibaba's business ecosystem network, and formed investment attraction partnerships with local governments. Defined industrial positioning for over 10 parks, formulated park-specific differentiated development strategies, and led the implementation of park industry services.
- ▶ As the head of technology enterprise equity financing services and industrial services, facilitated equity financing matchmaking for technology enterprises based in parks nationwide, and coordinated supply-demand matching for industrial elements such as tokens, computing power, and scenario-based orders.

TCL Technology Industrial Park Co., Ltd. | General Manager | Jul 2021 – Apr 2023

Core business encompassing investment, development, construction, and operational management of industrial parks, office buildings, and logistics parks across the Greater Bay Area, Yangtze River Delta, and Beijing-Tianjin-Hebei metropolitan clusters. Total managed area of 3.6 million sqm, with approximately 4 million sqm of industrial contracted construction projects.

- ▶ Full P&L responsibility, including asset management of industrial parks and office buildings with asset scale exceeding RMB 20 billion, new investment development and construction management of over 3 million sqm of parks, REITs asset securitization for Guangzhou and Shenzhen properties, revitalization of existing assets, and asset disposals.
- ▶ Comprehensively exceeded company performance targets for two consecutive years (2021 and 2022). In 2021, achieved 104% revenue completion rate, 107% profit completion rate, and over 95% occupancy. In 2022, achieved 110% profit completion rate against market headwinds; logistics parks reached 100% occupancy; new asset management area of 957,000 sqm, reaching 142% of target.

China Fortune Land Development (CFLD) | Group Vice President | Oct 2019 – Jul 2021

- ▶ Managed and revitalized CFLD's RMB 80 billion stock assets, covering office buildings, hotels, industrial parks, schools, hospitals, and apartments. Within one year, drove the decision-making and execution of RMB 20 billion in asset disposals, achieving over RMB 10 billion in asset transaction proceeds, effectively enhancing asset quality and liquidity.

China Fortune Land Development (CFLD) | Regional General Manager | Jan 2015 – Oct 2019

- ▶ Led comprehensive industrial new city operations in Langfang (Hebei) and Shenyang (Liaoning), covering industrial park leasing and operations, urban infrastructure construction and operations, land consolidation and urban renewal, commercial residential development and sales, and municipal and community property services.
- ▶ During the Shenyang tenure, the automotive equipment industrial park rapidly formed an automotive supply chain cluster. Completed 800 mu of land consolidation and urban renewal within one year, developed and sold 5,000 residential units, achieving the No. 1 single-project sales ranking in the city.
- ▶ While overseeing the Wen'an Intelligent Manufacturing Industrial Park in Langfang, completed the construction and operation of high-end equipment industry clusters, urban complexes, star-rated hotels, and cultural venues, and completed land acquisition and development of 200,000 sqm of residential properties.

China Fortune Land Development (CFLD) | General Manager, Industrial New City Product Division | Jul 2013 – Jan 2015

- ▶ Formulated strategic planning, urban master plans, and industrial plans for industrial new city products. During the tenure, completed planning, investment analysis, and development strategies for 24 regions. Promoted investment analysis, construction, and operations for multiple industrial parks including biomedicine, new materials, electronic information, aerospace, and film & television production.

CBRE (Coldwell Banker Richard Ellis) | Director, West China Region | Mar 2009 – Oct 2010

- ▶ Responsible for strategic research, investment analysis, feasibility studies, and development advisory for commercial complexes, urban renewal, cultural tourism, and industrial park projects in Chengdu, Chongqing, Yunnan, and Xi'an. Earned high recognition from international clients including Tishman Speyer, CapitaLand, and Hong Leong Group (Singapore).

World Union Properties Consultancy | Regional GM / Business Director / Senior Consultant | Jul 2004 – Mar 2009 / Oct 2010 – Jun 2013

- ▶ Led strategic research, market analysis, and investment analysis for large-scale land development, cultural tourism, industrial parks, and mixed-use complex projects nationwide. Directed landmark projects for Vanke, Gemdale, COFCO, Financial Street Holdings, Liangjiang Group, and other leading developers. Returned in 2010 to lead the Southwest regional business operations.
