SEC Online System Q&A

- Test round is **20min**=20 days, 1 day=40s trading + 20s night
- If you make a profit or loss in test round it **doesn't influence** your final ranking
- Official round is **40min**=20 days, 1 day=100s trading + 20s night
- The objective of the SEC system is to **maximize ROI** through buying and selling transactions
- The SEC system is based on real US stock market data, but the system itself is not real-time
